FOR THERMOPLASTIC FINISHES

# customization

COLOR OPTIONS

## UltraCoat® Thermoplastic Colors

- Impact resistant
- Strong adhesion
- UV protection

## Standard Powder-Coat Colors

The steel framework used in the UltraCoat® product line is supplied by Allied Tube® which delivers one of the industry's most durable protective coatings. UltraSite® further enhances the durability by applying a superior powder-coat finish. The process provides five layers of protection from harmful environmental elements, with very little maintenance.

## Premium Powder-Coat Colors\* ADDITIONAL UPCHARGE

## Hot-Dip Galvanized

- Galvanized both inside and out
- Superior four-layer adhesion bond
- Excellent abrasion resistance
- Provides cathodic protection to the underlying steel
- Increases the useful life of steel

Galvanized

## Standard Powder-Coat

- Uniform coating
- Durability
- High-quality
- Attractive finish
