

CANDO® Balance Board Combo™

Economical choice - Each board does the job of 3!

- Each board comes with 2 instability balls
- Screw in 2 instability balls to create a rocker board, or screw in 1 instability ball to make a wobble or asymmetric wobble board
- Use to balance train and strengthen the lower body
- Durable, heavy-duty and non-skid, yet lightweight and compact for portability
- **Circular board** has 3 instability ball placement options
- **Rectangular board** has 5 instability ball placement options
- Each board has handles/slots to add band or tubing

Circular Board (16" diameter) w/ 2 Instability Balls

instability ball	difficulty	height	tilt	each
yellow	x-easy	1" height	7°	10-2020
red	easy	1.5" height	11°	10-2021
green	moderate	2" height	14°	10-2022
blue	difficult	2.5" height	18°	10-2023
black	x-difficult	3" height	21°	10-2024

Rectangular Board (15" x 18") w/ 2 Instability Balls

instability ball	difficulty	height	tilt 15"	tilt 18"	each
yellow	x-easy	1" height	7°	7°	10-2030
red	easy	1.5" height	11°	10°	10-2031
green	moderate	2" height	15°	13°	10-2032
blue	difficult	2.5" height	18°	16°	10-2033
black	x-difficult	3" height	22°	19°	10-2034

instability balls

Additional balls and boards available

Instability Balls only

challenge	height	each
yellow	x-easy 1"	10-1760
red	easy 1.5"	10-1761
